

# Passion, Adaptability, Reliability & Teamwork:

## Creating Entertaining Gaming Experiences with an Eye on Culture

**B**uilding a team of humble, passionate people who are dedicated to customer service has helped solidify Grover Gaming's position as a global leader in the electronic gaming industry. A diverse range of products and mission-centered culture has not hurt either.

Founded in Eastern North Carolina, Grover Gaming has extensive experience in developing 3D content and exceptional video content for a variety of gaming markets, including Social and Real Money gaming. All game development, programming, artwork, production, sound, and math assets are created in-house by talented studio teams. This creative game design model keeps the company nimble and allows for quick responses to an ever-changing gaming market.

Thanks to exponential growth over the past two years, Grover Gaming has been able to develop a wide variety of gaming content and products for the lottery and charitable gaming industries. One of their newest products is a full system for Historical Horse Racing markets throughout the country. HHR games are based on past horse race results and have proven to be a great addition to several jurisdictions.

While Historical Horse Racing is Grover Gaming's newest product, some of their other product offerings include:

- Video Lottery Terminals
- Digital Instant Ticket Machines & Systems
- Electronic Pull-Tab Machines & Systems
- Redemption Kiosks
- Tablet Gaming

Their growth and diverse portfolio of products are each a testament to Grover Gaming's commitment to its core values: Passion, Adaptability, Reliability, & Teamwork. These values, along with the company's Mission and Vision, are embraced by team members from Day 1.

"We are committed to the growth of our employees from both the personal and professional aspects of their lives," said Garrett Blackwelder, President of Grover Gaming. "Our relationships with our customers and employees are paramount in how we treat each other and what we stand for as a company."

The company works hard to create a culture and environment conducive to the gaming industry and keeps its 300+ team members engaged through a variety of company celebrations and fun events. Their social media channels prominently feature employees alongside partner locations, and proudly displays the inner workings of a company teeming with culture and excitement.

Grover Gaming's growth has been substantial, even during an international pandemic that saw many in the gaming industry downsize.

"We have continued to hire team members and fill roles in our offices and distribution centers throughout 9 different states," said Blackwelder. "We have also opened a new creative design studio in Wilmington, North Carolina that will be cutting edge, and bolster our game development by further attracting talented individuals."

The company was recently featured by Inc Magazine for a third consecutive year as one of the 5000 fastest growing private companies in America. Grover Gaming is recognized throughout the industry for their high-resolution graphics and exciting design components, created by developers, artists, audio designers, programmers, .net developers and product specialists. They are constantly looking for quality professionals who share its Mission, Vision, & Values to join them as they continue to grow.
